

Professional Development for New Jersey Teachers

Compliance Report for Individuals on the 9-1-2000 through 8-31-05 Professional Development Cycle

The regulations regarding required professional development for New Jersey teachers and education services personnel indicate that districts must provide continuous monitoring, constructive support and timely intervention (of an individual's compliance) using sound and accepted principles of progressive supervision, as well as using existing laws and rules to the fullest extent (*N.J.A.C. 6A:9-15.5a*).

By October 14, 2005, districts, charter schools and other public agencies providing education services must report non-compliance through the county superintendent using this electronic form provided by the department. Questions should be directed to Dr. Wendi Webster O'Dell, Coordinator of Educational Leadership, Office of Academic and Professional Standards, New Jersey Department of Education: 609-633-8014.

School District: _____ Name of Chief School Officer: _____ Phone: _____
